Five Stars

By Amazon Customer

This review is so over due but much needed This short story is beyond just five stars The story not only talks about love when you least expect it but it also tells a story on when finally having that love to be strong enough to rise above all the negatives that try and break up a happy home due to pure jealousy Sheri and Marcus make such a great couple Heaven really made there love surface to light Trevor and Desire make a

great couple as well and even though Tess managed to do some horrific jealousy and messy acts to break Desire and Trevor apart It really made them that much stronger Especially with a little interference from Cathy Tess is a piece of work and she is a conniving jealous cold hearted female dog That was some sneaky messed up s*** that she did but in the end her so called plan back fired Desire and Sheri love those two and they are a true one of a kind This novel is truly a TASTE OF HEAVEN Pure Sophisticated Sexy and Erotic Love was truly in the air
