Most helpful customer reviews

1 of 1 people found the following review helpful.

Well done.

By L. Bryant

This is by far the best method I found to study. Each question is linked to the corresponding answer on the Kindle version. Each answer is descriptive but not excessive, and it offers the Bailey's page reference so you can open up the text for further reading or context. Great way to use either to consolidate after reading a section, or as a questions based approach to study for testing prep. Questions are reasonable and not solely useless esoterica.

Four Stars

By Celeste Gary

Great questions with justifications... Good for In service review

0 of 1 people found the following review helpful.

Regardless it was a great way for me to study and review

By lunacake

Used this to study for the written boards. The difficulty of the questions seems on par with the boards but there were no actual or similar questions present. Regardless it was a great way for me to study and review.
