Beautiful Anthology of Caribbean Poetry

By D. Simmonds

I remembered having to study this in High School/Secondary School. It is a beautiful collection of caribbean poetry that introduces to student an appreciation of west indian culture and literary art through poems. One of my favourite poems in the collection is "Song of the Banana Man" which was recently reintroduced to me via social media. Was very keen on finding out whether it was available online and was pleasantly surprised. Wish it was in Kindle format, but I will take whatever I get. The cover has changed, but I guess that is just to appeal to the modern consumer. I highly recommend this book.
