Book of House Plants

By Iris K.

Originally I was skeptical when they said the book was "lightly used." I had the same book many years ago and lost it. I wanted to replace it but didn't want to spend a lot of money on it. When I saw how inexpensive it was I took a chance. Even though I beleaved the prize indicated the condition. I was wrong. I was pleasantly surprized when I received the book in very good condition. I definitely take a chance again on a "lightly used" item.
