Every story in this book is true, from my own point of view. I changed the names of all of the clients mentioned, and some of the names of my friends as well. A couple of the readings described are compilations of separate readings. I wrote this diary piecemeal, over a period of six years. Once I began to notice the nature of the book that was emerging, I tailored some of the entries to help it all work as a whole. - Derek Calibre

I want to turn it on!!

By Jennifer4578

I just read this book after having gotten a psychic reading from Derek and was thoroughly entertained, engaged, and most of all inspired!! I read it in one sitting! Through Derek's descriptive, thoughtful, and humorous writing style I felt that I really got a sense of what he was experiencing throughout his journey. He has made me very interested in developing my own psychic ability and becoming an artist of my own life! After reading this I truly believe that we all have it in us if we are just open to it. Thanks Derek for such inspiration!
