Most helpful customer reviews

25 of 32 people found the following review helpful.

Too much promises for what it really gives

By A Customer

It's an interesting book and an uplifting reading, even though it promises too much for what it really gives and a fifth part of the books is wasted in trying to explain why this book is useful reading. What is worth saving of the book is the general ideas it gives about self-esteem, and how to reveal and be comfortable with our inner sense and our way of being physically and emotionally
