This book have everything in a really short-clean fashion, also illustrations helped me visualize the way stuff works well than any material I have read. A very helpful piece on getting started and excelling at Cisco networking. Very quick and simple explanations that are easy to understand but are careful to not leave out important details. This is an excellent study aid.

Refresher!

By Brianna Denise Krooberg

I remember having a subject on CISCO before. And it seems like it is hard to pass and understand but

thankfully I got a good mark on it. This is a refresher to me now and it is exciting to know more about it. Sharing this to my best friend in college.
