Not as described..

By april m

The synopsis for this graphic novel is completely wrong. The actual heroine and hero aren't Whitney and Sloane, they're Kris and Jared. And of course, it's a different story. I purchased this because I got curious after reading the description so I'm a bit disappointed and am left wondering what the title of that novel really is. I've decided to keep this purchase though because it turned out to be another good story. Anyway, I hope they change the description of this title pronto. Most readers aren't as forgiving as I am.

description not correct

It was decent. The description needs to be corrected. It's about a twenty year old and her guardian becoming in love.
