A Masterpiece

By drdots

This book is best read in a large, comfortable chair beside a warm fire with a dram of one's favorite adult beverage and a faithful canine companion lying afoot. This book describes long-ago days afield, the like of which will never again be experienced. And more's the pity. "Mr. Buck" has a flowery command of the English language that is pleasing though a bit arcane. Some may regard it as politically incorrect due to its racial references but please consider the age in which it was written and cut it some slack if you will. Anyone who has ever hunted can easily identify with the situations presented here. If you love dogs and the outdoors, this book is a must-read.

Wonderful book. As a Southern hunter who grew up ...

By Amazon Customer

Wonderful book. As a Southern hunter who grew up with old customs, there were many familiar aspects I could relate to. However, the tales in this book are timeless and any reader can picture the scenes vividly. Buckingham tells tales of the outdoors, but they are just as much tales of the best aspects of humanity from the angles of all the characters.

Great Book

By Allen Warwick

As a life long wing shooter with personal interest in history, these stories written by Mr. Buchingham offer a window into hunting lifestyles and opportunity that one can only dream about today. It also offers a reflection of the social aspects of the post Civil War south as seen thru the eyes of landed gentry.
