About the Author

Robert S. Feldman is Professor of Psychological and Brain Sciences and Deputy Chancellor of the University of Massachusetts, Amherst. A recipient of the College Distinguished Teacher Award, he teaches psychology classes ranging in size from 15 to nearly 500 students. During the course of more than three decades as a college instructor, he has taught both undergraduate and graduate courses at Mount Holyoke College, Wesleyan University, and Virginia Commonwealth University in addition to the University of Massachusetts.

Professor Feldman, who initiated the Minority Mentoring Program at the University of Massachusetts, also has served as a Hewlett Teaching Fellow and Senior Online Teaching Fellow. He initiated distance learning courses in psychology at the University of Massachusetts.

A Fellow of the American Psychological Association, the Association for Psychological Science, and the American Association for the Advancement of Science, Professor Feldman received a B.A. with High Honors from Wesleyan University (from which he received the Distinguished Alumni Award). He has an MS and Ph.D. from the University of Wisconsin-Madison. He is a winner of a Fulbright Senior Research Scholar and Lecturer award, and he has written more than 100 books, book chapters, and scientific articles. He has edited *Development of Nonverbal Behavior in Children* (Springer-Verlag) and *Applications of Nonverbal Behavioral Theory and Research* (Erlbaum), and co-edited *Fundamentals of Nonverbal Behavior* (Cambridge University Press). He is also author of *Child Development*, *Understanding Psychology*, and *P.O.W.E.R. Learning: Strategies for Success in College and Life*. His books have been translated into many languages, including Spanish, French, Portuguese, Dutch, Chinese, Korean, German, Arabic, and Japanese. His research interests include honesty and deception in everyday life, work that he described in *The Liar in Your Life*, a trade book published in 2009. His research has been supported by grants from the National Institute of Mental Health and the National Institute on Disabilities and Rehabilitation Research.

Professor Feldman is president of the Federation of Associations of Behavioral and Brain Sciences Foundation, a consortium of societies that benefit the social sciences. In addition, he is on the Board of New England Public Radio. Professor Feldman loves music, is an enthusiastic pianist, and enjoys cooking and

traveling. He has three children, four grandchildren, and he and his wife, a psychologist, live in western Massachusetts in a home overlooking the Holyoke Mountain Range.

By Amazon Customer

Rented this book for the semester and am in love with the fact that I didn't have to buy it a full price and wonder what to do with it after my class ended. It was, however, an interesting book that could be great for referring to if you were going into this field of study. It was just a gen ed course for me, but I still loved the information it shared. Once the semester ended, I had enough time to return the book, which was very simple since Amazon provides you the return label. Definitely rent from Amazon! I can't believe I ever hesitated about it.

Text book

By J. Rodriguez

If your a student and your class requires you to get the 5th edition of this book, don't get the 5th ed. You will

be fine with this edition. It is pretty much the same thing. The chapters talk about the same thing, same pictures, and exact same words. The only difference i found was that they pretty much cut and pasted the sections within the chapter and put it in a different order, so page number is a little different. But all the sections are in the same chapter. Get this edition if your on a budget. Its the same book different cover. I mean \$20 vs. \$110?
