Great book for a class

By Jeff

I had to buy this workbook for a class. Surprisingly I actually learned from it and enjoyed it. I completed the book cover to cover and I got the highest score in the class, so it helps. The didactic portion of the class was easier thanks to the good text.

Too expensive!

By mamajenn7

My daughter needed this book for her class in high school. I would give it a higher rating but the price was absurd.
