I JUS' WANNA LEAVE THIS NIGGA (I JUS' WANNA LEAVE THIS NIGGA BOOK 1) BY MESH MESH PDF

Lyric was raised in a home where the woman caters to her man's every beck call, with no questions asked. She was brought up to believe that no matter what you stick by him, even if it means that he cheats, or beats you to a bloody pulp.

Lyric falls in love with a man who she thought was her Prince Charming. Ty helped her get through one of the most traumatic events in her life and she feels that she owes him. At the time when he met her she was on the verge of going crazy, lost all hope, and had given up on life. He stepped in when she had no one else in the world and helped build her up, only to tear her back down.

He fulfilled all of her heart's desires with every materialistic thing she could think of. From romantic dinners, to shopping sprees, to the big fancy home that she always knew she would have. All was good in their relationship up until the night they got married. On that night, she was faced with an ugly truth about her husband that she didn't see coming. Lyric realized then that God answered her prayers and she got everything that she wanted except the one thing that mattered the most... A loving husband!

Ty is the guy every woman wants to have. He's handsome, successful, and most of all, a ladies man. What the women don't know about him though, is that Ty is a womanizer, a woman beater, and a spoiled brat. He feels that everything should go his way and if it doesn't he has no problem taking things out on his gorgeous wife with his fists.

Blessing, her best friend's brother, has loved Lyric since they were kids, and he wants nothing more than to have her as his. His thuggish demeanor and handsome looks draw women to him, but he only wants Lyric.

Will Lyric leave before it's too late?

Will Blessing be the man she always wanted?

or

Will Ty seek help to save his marriage and keep his wife?

Absolutely not.

By Li G.

Let me start out by saying that if there is a way for me to get my 99 cents back, I would like to explore that option.

This is THE WORST bit of anything I have ever read. I don't even have the heart to call it a book. The only way to salvage this is to give all revenue earned from the sale of it to someone with at least a grade school education that is willing to edit it. Misspellings, bad spacing, and improper sentence structure are the high points. I at least got a good laugh at that. But to think the author of this book couldn't even keep the names of

her characters straight!!! Oh and I would like to add that if you enjoy watching the voice change from third to first person mid-sentence, then you are indeed in for a good treat. Tack on the unnecessary violent rape scenes, cliché hood references and an implausible story line, and this book definitely earns no stars. I'm disgusted. My only comfort is in knowing that I was dared to read this and make it to the end.

ONE OF THE BEST BOOKS I'VE EVER READ!

By meshonb19

First I'd like to say that Mesha is a bomb ass author!!! She is very thorough and makes you understand every character. Her other books are A1 but THIS one?? Omg!!! It not only keeps you mesmerized as there is no dull moment in this book but it's very emotional. It's fiction but stuff like this happens every day. This book was expensive from start to finish. I won't give the book away but you're healed of you aren't ready to fight after finishing lol Lyric represents soooooo many women out there. I recommend this book to anyone who loves a real, thrilling, juicy read!!! Patiently waiting on part 2

YOU DID THAT!

By Ms. Nerrisa

Yes ma'am... the author takes u there... in to the world behind the facade that many married women live in today without ever uttering a word! This book will have experiencing a plethora of emotions... and will leave you wanting more. I was not able to put it down. I won't spoil but I hope Blessing ends up being more than just a name when it comes to Lyric... in the situation she finds herself in at the end she definitely needs a blessing. As for Sarah I hope she gets what she has coming to her Lord knows she deserves something to put her in check with reality... because she is unaware of her position... or should I say how to play her position.... I have no nice words to say about Ty... he needs help so many times I wanted to jump into the book on him... lol! But that is what this book does... it makes you interact with the characters... some will u want to cuss out others u will have sympathy for... and some u will just flat out want to reach out and touch... but most importantly it will keep you turning pages. Excellent read! #Salute
