The degree of vulnerability she shares in this book is nothing short of astounding and Love in my Language resonates deeply with

By Waffles

Alex has crafted this book with open, honest, and naked words. The degree of vulnerability she shares in this book is nothing short of astounding and Love in my Language resonates deeply with me. I love Alex for her bravery in sharing with us and I hope those who were able to benefit from it take the time to share it with their loved ones as well. Keep sharing, sister.

I read Alex's last book and loved it, however

By erin duncan

I read Alex's last book and loved it, however, this book kind of touched my soul. When things are occurring in life, sometimes we need some reinforcement that we are not there alone and that's what this book did for me. It's so beautiful, and I had to write some of these poems and tips in my journal just to make sure I never forget them. Great read.

5 of 5 people found the following review helpful.

Exactly what I wanted and needed....

By Deborah Graham

I had been really looking forward to finally reading this ever since Alex first announced the release date. I get so much daily inspiration from her posts on Instagram and Twitter, plus I have her first book "Words from a Wanderer", so I had an idea of what to expect..... But i was NOT expecting how much I ended up connecting with her very private thoughts and personal struggles. I was in tears after the first couple of pages.... She really opens up and speaks her truth. It's both a collection of poetry and her own personal

essay-type stories. I read the entire book within a couple of hours and will probably end up going back to re-read it again and again... Highly recommended reading....
