## About the Author

James E. Whaley, RPh, MS, is currently an associate professor of health sciences and chemistry at Baker College of Owosso (Michigan) and coordinator of the Pharmacy Technician Program, which is offered at nine Baker College campuses. He routinely teaches courses in the Pharmacy Technician Program in addition to anatomy and physiology, pathophysiology, and general chemistry. Mr. Whaley has taught at Baker College of Owosso since 1995 and was the first recipient of the college's prestigious Teacher of the Year award. He has been selected as a member of Who's Who among College Teachers numerous times. Prior to coming to Baker, Mr. Whaley was twice ranked in the top 10 percent of instructors at the University of Illinois, where he was awarded a fellowship in cellular and molecular biology from the National Institutes of Health. Mr. Whaley worked as a retail pharmacist before beginning his career as an educator, and he has been a registered pharmacist since 1981.

Kathryn A. Booth, RN-BSN, RMA (AMT), RPT, CPhT, MS is a registered nurse (RN) with a master's degree in education as well as certifications in phlebotomy, pharmacy tech, and medical assisting. She is an author, an educator, and a consultant for Total Care Programming, Inc. She has over 30 years of teaching, nursing, and healthcare experience that spans five states. As an educator, Kathy has been awarded the teacher of the year in three states where she taught various health sciences, including medical assisting in both a classroom and an online capacity. Kathy serves on the AMT Examinations, Qualifications, and Standards committee, as well as the advisory board for two educational institutions. She stays current through working at various practice settings as well as obtaining and maintaining certifications. Her larger goal is to develop up-to-date, dynamic healthcare educational materials to assist her and other educators and to promote healthcare professions. In addition, Kathy enjoys presenting innovative new learning solutions for the changing healthcare and educational landscape to her fellow professionals nationwide.

By Dazzling Dani

I found this text terribly boring, but it was required for a dosage calculations course. If you've already had math within the last decade, you'll probably skim through the chapters. I rented mine, and it had a little writing in it.

Missing section

By Amazon Customer

This book is missing the entire answers section. What's the point of having a book that refers you to the answers section in the book A-1 if it doesn't have one. This was a waste of an order time & money.

By EDrye

Figured since it's a rental there wouldn't be scribbles in every chapter, and such a worn looking copy. It'll be interesting to see whether they try to charge me for the purchase price.
