A Classic, but not by Moses -

By John Hansen

This book is a classic of hoodoo, and also is used in Hex work. It is highly thought of by most of those who have used it, and is recommended as background reading for anyone interested in Hoodoo, Folk Magic, Hex work, African American magical practices, and similar subjects.

Excellent

By RootedHand

This is an excellent resource for rootworkers. The author compiled a lot of great information on Moses including history, drawings, and references to biblical sources. There are seals and spells for many purposes and a wonderful chapter called "The Great Voodoo Man of the Bible". I highly recommend this book.
