A MUST have if you plan on taking the Class A exam!

By HeyDay!

Just took my Class A contractors exam and this book was a HUGE help!! I took an online class and highlighted in the book as I went along. Most of the items were easy to find when I needed to skim through to find an answer. I do wish the glossary was more in depth and referenced a page number but I was able to manage. I passed all 3 tests the first try!

I Passed.

Good Study Manual. Not always the best laid out and seems kind of thrown together in areas. This book does have all of the information needed to pass the exam.
