From his vantage point in the afterlife, Nikola Tesla presents an exhilarating approach to a multi-dimensional physics that includes human consciousness. Channeled by Francesca Thoman, this book is the second volume in a series of highly original lectures that integrate human spirituality and multi-dimensional physics.

Volume Two presents a fascinating 20-year "correspondence" between Nikola Tesla's spirit and Dr. Todd Ovokaytis, an accomplished medical doctor who has trained medical students and residents.

Covering everything from the nature of mind to the torsion field of para-sound, this book, the 2016 COVR Alternative Science Visionary Award Finalist, offers a fascinating investigation into multi-dimensional perspectives on reality, opening new ways of understanding how the human mind and intentions interact with the physical and non-physical universe.
