Useful book not made anymore

By Reader

I have always wanted to improve my typing speed. This is the best book I have found for it. It doesn't teach you how to format a business letter or what fingers go to what keys. It strictly teaches you speed and accuracy. You can start as slow as 25 WPM and work up to 100 WPM. I have already increased my speed from 45 to 55 WPM in just a couple of weeks. (I try to practice for 30 minutes a day every day.) There are drills for 1 minute, 3 minute and 5 minute timings. Also drills for specific letters and "alphabetic sentences" of the "Quick brown fox..." variety. It is well worth the money.
