5 Stars: "My, oh my, this book is smokin'. Two men, one woman and an intense passion between all three makes for some hot reading. **RAGGED EDGE** takes readers into the world of BDSM with Dalton, Cade and Erin. The dynamic of this threesome is spot on, the sex steamy and the characters endearing...**RAGGED EDGE** is more than just a simple BDSM story with its focus of self-discovery and learning to trust enough to love. It is a beautiful love story." ~ The Romance Review

4 Paddles: "What I loved most about this story is the way the three interacted and slowly turned their friendship into love. Their D/s scenes weren't every day, but there was no mistake in Dalton's domination...Ms. Brookes writes some flaming hot erotic scenes." ~ BDSM Book Reviews

5 Ravens & a Recommended Read: "Ragged Edge by Sara Brookes is a tantalizing BDSM that had just as much heart moments as it did wickedly hot ones. I am all but a flutter." ~ Blackraven Reviews

2013 EPIC Award Finalist in Erotica

Dalton is no stranger to hitting rock bottom. He's worked hard to turn his life around. Now he has a quiet life, a successful business and a no-strings-attached arrangement for sex with Kincade. Everything is just as it should be. Then a late-night rendezvous is interrupted by a sexy newcomer, and Dalton realizes something is missing.

Caught up in the intense passion the men share, Erin doesn't know whether to run or get between their hard bodies. She's convinced her attraction is wrong. However, a little persuasion from both Dalton and Cade convinces her she belongs with and between them. Erin's surrender becomes Dalton's reawakening.

A BDSM master, Dalton is in his element commanding his lovers, and soon the threesome fills their nights with mind-blowing pleasure. But when a piece of Dalton's past resurfaces, it threatens the very foundation he's built...and could put him back at the bottom.

Warning: Contains gay sex on the seat of a motorcycle with the town sheriff, a mind-bending trip into subspace, voyeuristic blow jobs, two subs who willingly kneel before their master and lots and lots of ménage sex in a secret room tucked away behind a motorcycle shop. Vroom, vroom.

Beautifully written!

By Smitten with Reading

My Review:

This book was so good. I picked it up on a complete whim this week when I read the first chapter that the author had posted on a blog. I was intrigued, bought the book, and read it that day. It was definitely worth my impulse buy and the fact that this book bypassed the other 300+ books that are currently residing in my

TBR pile. This is most definitely an erotic read (BDSM, M/M, anal, menage) but it is so much more. This is really an emotional book too as you watch these three people fall in love and accept that love despite the hurts that they have experienced in the past.

The book is about Dalton and Cade who are already in a relationship. They have been friends for a long time and about two years ago, that friendship moved into a sexual relationship. Erin has business to do with Dalton and she accidentally walks in on the two of them when she is late to her meeting. She is immediately intrigued and turned on. The guys immediately realize that they want her to join in, but Erin has some hang-ups...emotionally and sexually that she has to work through.

I cannot emphasize enough how well-written this book is. It is a full-length book and the depth of emotion throughout the book reflects that. Dalton has a history that has left him horribly emotionally scarred too. As the Dom in the relationship, he feels extra pressure to make sure that everyone is taken care of before his needs are. As a result, with some emotional upheaval in the mix when his past comes forward, things get very dicey for him.

I loved the depth of Dalton's character. He's a strong character. He's the Dom which means that he is always in charge, but he has a vulnerability that is so gorgeous. After the climatic incident in the book, it is wonderful to see Cade and Erin turn around and take care of him. The love is so evident between these three even when they are not aware of it. It's so beautifully written. The first line in the novel is about Dalton. The last line in the novel is about him and how he has come full-circle. As these three work through their issues, you see them grow and develop in their relationship.

It's no secret that I love menage books. Medium to hard core BDSM, on the other hand, I sometimes have issues with. I had NO issues with this book. All the scenes are beautiful and erotic and so incredibly sexy. I have said it before, but it needs to be said again...this is just really beautiful writing. Sara handles the emotions, doubts, and sexuality so perfectly for all three of these characters.

I definitely HIGHLY recommend this novel. I truly loved it!

An OK menage, girl a little annoying

By allyson hahn

So I really never write a review, but I feel compelled to write one for this book because I had so many mixed feelings while reading it. The book starts off with Erin accidentally coming upon Dalton and Cade engaging in some very steamy interaction. She is confused because she can't look away and then Dalton turns and makes it known that they both know she is watching. Feeling embarrassed she runs so fast out of the motorcycle garage (Dalton's work/home) and drops the drawings for his shop (the original reason she was there for). So I get she was embarrassed, but then we go into pages and pages of her debating what to do. The men were nothing but patient with her, to the point where you just wanted to shake her and say "get a grip!!!", you have 2 hot men who want to add you to their already steamy sex life, which includes BDSM, something she is not familiar with at all. It just seemed she was being babied by them, and it got extremely frustrating.

Cade and Dalton were amazing I loved them, I almost would have just like it better if it was just about them and left her out of it completely. Which says a lot right there.

Bottom line, it was just ok. Would I recommend it as a good M/M/F book? No. Only because of my feelings for Erin, and how they were so back and forth, it made for not a very enjoyable read.

Holy Hotness!

By WordsMatter

There's a trend recently towards BDSM and menage books. The problem is, many times they're written poorly by people who have no knowledge of either lifestyle and tried to bluff their way through the story. While that can be hot and steamy, it's much more intriguing to read a book that feels genuine. Dalton and Cade are an amazing couple, even if they don't realize that's what they are. There are complexities in their small town that seem to make it harder for them to face their real feelings. Add to that Dalton's issues from the past and it's no wonder things are no-strings for so long.

I look forward to reading more by Ms. Brookes!
