You could not find the complex site that order to do even more. So, the way for you to get this [Sixty Things To Do When You Turn Sixty: 60 Experts On The Subject Of Turning 60 By Various](#) will be so easy, will not you?

Review

"Meeting the interests of baby boomers who have turned or will soon turn 60 is the goal of this captivating essay compilation written by doctors, celebrities, financial experts, and others who have reached that milestone. Contributors include A Prairie Home Companion writer and host Garrison Keillor, anti-aging expert Dr. Nicholas Perricone, and 58 others who discuss everything from health and fitness to sex and investments. While many essays are reflective and thought-provoking, others are lighthearted and humorous. The overall message is one of encouragement and enthusiasm for life. This excellent, thoughtful, and funny book will fly off shelves; highly recommended. --Library Journal, September 15, 2006

The writers whose essays are included in this latest volume contributed their work on a pro bono basis, and the royalties generated from its sale will be donated to nonprofit organizations dedicated to preventing and curing cancer." --Copley News Service, August 16, 2006

A NOTE TO THE READER:

Last fall we published *Fifty Things To Do When You Turn Fifty*, a book that contains essays from 50 different contributors on the subject of turning 50. By the time you read this, *Fifty Things* will be in its fourth printing, and will be among the best-selling books our company has published.

No sooner had we begun to mail out the review copies of *Fifty Things* when we began to receive queries asking when we intended to follow up with *Sixty Things*. One Journalist even went so far as to emphasize that the market for *Sixty Things* is roughly twice the size of the market for *Fifty Things*. Boomers have been turning 50 for the last ten years, he explained, leaving only 50 million of them who have not yet celebrated their big 5-0. There are still 100 million boomers waiting to turn 60, however. If you do the math this breaks down to thirteen thousand 60th birthdays per day for the next 20 years.

One hundred million potential readers? Thirteen thousand birthdays per day? What publisher could argue with numbers like these? Despite the fact that compiling and editing 50 essays for *Fifty Things* had added ten years to our lives, we picked ourselves up off the floor and went back to work on the sequel.

I have been asked by those who have read *Fifty Things* if there are noticeable differences in the essays that have been submitted for *Sixty Things*. Not surprisingly, there are. Many of the essays contained in *Fifty Things* encourage readers to accept the fact that they are maturing and use the experience of turning 50 as an impetus for change.

The contributors for *Sixty Things* tend to assume that readers have moved beyond their anxieties and at least begun to accept their more senior station in life. Their essays offer valuable, upbeat advice about how to be healthy, wealthy, wise...and yes, even happy, during our later years.

After reading through *Sixty Things To Do When You Turn Sixty*, I hope you have the same sense of promise and optimism about your senior years that I was left with when I finished editing the book.

Sincerely, Ronnie Sellers President and Publisher

I found it to be full of hope and joy; especially when more of one's life is behind ...

By Satisfied in Harrisburg

I received this book as a gift on my 60th birthday several years ago and wanted to order copies for friends who were turning 60 this year. I found it to be full of hope and joy; especially when more of one's life is behind him/her rather than ahead. My friends were all grateful for this gift..
