Big Disappointment

By Juniper Breeze

I was expecting a "memoir", as it was presented in the show. To get 150+ pages of one liners straight from the script was a huge disappointment.

Read description carefully!!!!

By C. Blake

I ordered this the moment I saw it advertised. I bought it as a gift for my "Mad Men" loving husband. I thought it would be like the memoirs that Roger Sterling was seen working on last season. Unfortunately it is not. It is just a collection of lines from the show. It is a nice "Mad Men" keepsake, but it is not what I thought it was and not really what I wanted.

Disappointed but amused

By Diana M. Rodriguez

As another reviewer already mentioned, it is a compilation of lines from the actual show. It actually amused me, though, because ala Mad Men, it is a brilliant marketing scheme. Publish a book with content already created and paid for. It's like getting paid for the same material TWICE! Awesome! But, as far as a read, not so much. It will make a nice little addition to die hard Mad Men fans collection, but if you are expecting any kind of biography of Roger Sterling, you are out of luck. Too bad, because that would have made a great book. Then again, someone would have actually had to WRITE that. Touche Man Men, touche!
