The world is reaching a crisis point as an ancient threat re-emerges.

And the clock has just begun ticking on a whole new battlefield.

Delaney McPhearson is still reeling from the events in Heaven's Gate six months ago. Henry and Jake are physically healing and while Laney might look fine, not all wounds are so easy to see.

At the same time, the Fallen have made themselves known across the globe. Laney is being pulled from one crisis to another.

But soon a new threat arises that requires all of her focus: Someone is targeting the people who are connected to the Fallen. And they are not distinguishing between the good and the bad.

The quest to stop the murders ranges across the Pacific and back in time to a dark period in human history when human sacrifices were commonplace.

Laney will do whatever she must to stop these people. But the question is, will that be enough?

Great series. Worth reading if you like Atlantis and Fallen Angel legend themes

By D. Sang

I love the entire Belial series so the comments are about the series. I think the quality of writing as been consistent. The writing is solid. The character development is good and the dialogue is believable. There are so many sci-fi/fantasy/mystery books by less known authors with very 2 dimensional characters with "B movie" dialogue. This series is not that.

The series starts out focus on the myth of Atlantis which intrigued me. Then it blends in and focuses on angels, nephilim, and other Biblical themes but as if they were real and had historical and rational explanations. However, it is not a religious book by any means.

It feels kind of Archaeology/Atlantis myth is real MEETS Dominion (Syfy)/Legion (Fallen Angels on earth) MEETS action heroine/special forces themes. And I love it all. I love that she returned to the Atlantis side of the story but expanded to Lemuria/Mu. I hope to read more and more but I suppose it will have to come to an end sometime.
