Review

"An insider's view...[and] a good addition, particularly for those of us not in the "circle of knowledge."?Los Angeles Times

"There are few truly 'must read' books out there, but along with Lawrence Wright's The Looming Tower, Morell's new THE GREAT WAR OF OUR TIME is one of them. Combine Wright's and Morell's books and you have a history of the rise of Islamist fanaticism vis-a-vis the United States from the end of World War II to the present. Everyone running for president should read both books...This is not a book for partisans (Presidents Bush and Obama both come in for praise and criticism) but one for future decision makers. It is also one for political writers."?Hugh Hewitt, Washington Examiner

"[THE GREAT WAR OF OUR TIME] sheds new light on U.S. controversies."?Yahoo!

"More than almost anyone else alive, Michael Morell knows the secrets of U.S. national security. Over the past two decades, the former deputy director of the CIA has played a central role in the nation's biggest counterterrorism events, starting with the response to 9/11. In his new book, THE GREAT WAR OF OUR TIME, he draws on this experience to deliver warnings for the future."?Michael Hirsh, Politico

"Fascinating new book..."?Sean Hannity, Fox News

"THE GREATWAR OF OUR TIME should be required reading for everyone. Mike [Morell] was in the room for some of our most important military decisions over the past two decades, and if you want an honest reflection on terrorism and what the USA is doing about it, buy this book."?WGN Radio

"THE GREAT WAR OF OUR TIME...offers a rich haul of gossipy insider details... But the book also makes many strong and unsettling claims: that the Arab Spring helped Islamic extremism flourish, that the Edward Snowden revelations directly aided ISIS, that the use of enhanced interrogation techniques such as

waterboarding yielded essential intelligence, and that the hijacking of a transatlantic flight remains well within the capacities of Al Qaeda.... Ultimately he presents a persuasive and powerful case that without substantial financial and political investment in disrupting international terrorism, most of these future threats are not simply possible but inevitable."?Christian Science Monitor

"Morell has written a riveting and important memoir of the CIA's participation in these events, which offers an admirable amount of self-criticism (alongside some cheerleading), as well as a rare glimpse into the daily life and mindset of someone at the top of the spy game."?National Review

"Insightful.....Readers are given an inside look and riveting account of the hours after the 9/11 attacks when he was with President George W. Bush as the president received news of the attacks. Morell was a witness to history at that moment and describes those events in admirable detail."?Washington Free Beacon

"THE GREAT WAR OF OUR TIME is both fascinating and revealing. It is also extremely sobering."?FoxNews.com

"A remarkable narrative about the greatest national security threat America has faced since the Cold War and how the country's premier intelligence agency dealt with it. In THE GREAT WAR OF OUR TIME Michael Morell provides an astute look at key battles won and lost in the fight against al Qaeda, and he offers invaluable insights for both intelligence and policy into battles yet to come. Anyone who wants to know how the CIA dealt with the al Qaeda menace and how the country should address it going forward should read this book."?Robert Gates, former secretary of defense and CIA director

"Intelligence professionals are an unsung but absolutely critical part of our country's national security, and Michael Morell, who served 33 years at CIA, was one of the best intelligence officers our nation has ever had. His service at the senior ranks of CIA coincided with the Agency's fight against al Qaeda, and in THE GREAT WAR OF OUR TIME he recounts this history with honesty, insight, and poignancy. This is a very readable book in which you will learn a lot of things you didn't know before-including what it's like to work as an intelligence professional."?Joseph Lieberman, former US Senator

"Must-read for anyone thinking seriously about terrorism. An authoritative, insightful insider's account of the CIA's leadership in the War on Terror. Courageously ducks none of the thorny issues, from torture and Snowden to Usama bin Ladin."?Graham Allison, former dean, Kennedy School of Government, Harvard University, and author of Essence of Decision

"Michael Morell has written a compelling narrative about the fight against al Qaeda and the terror it inspires and exports globally. He provides rare and thoughtful insight into the mystifying world of intelligence, to include the remarkable and patriotic Americans who serve there. Michael is the 'best of the best' and portrays the CIA at a sustained level of excellence during remarkably tough times."?Mike Mullen, ADM, USN (ret.), former chairman, US Joint Chiefs of Staff

"THE GREAT WAR OF OUR TIME has more gripping stories about his professional and personal life. Morell provides a thoughtful insight into the world of intelligence. He explains the different terrorist threats as well as how the CIA handled and assessed them. In addition he also shows that a CIA official many times must sacrifice their personal life for their professional duties."?WorkingMother.com

"Lucid and informative"?Commentary Magazine

About the Author

Michael Morell, the recently retired Deputy Director of the Central Intelligence Agency, is one of the country's most prominent national security professionals, with extensive experience in intelligence and foreign policy.

Bill Harlow is a writer, consultant and public relations specialist. He spent seven years as the top spokesman for the Central Intelligence Agency. He co-authored George Tenet's #1 New York Times bestseller *At the Center of the Storm*.

Certainly, after downloading and install *The Great War Of Our Time: The CIA's Fight Against Terrorism--From Al Qa'ida To ISIS By Michael Morell*, you might not print it.

THE GREAT WAR OF OUR TIME: THE CIA'S FIGHT AGAINST TERRORISM--FROM AL QA'IDA TO ISIS BY MICHAEL MORELL PDF

New York Times Bestseller

Like *See No Evil* and *At the Center of the Storm*, this is a vivid and gripping account of the Central Intelligence Agency, a life of secrets, and a war in the shadows.

Called the "Bob Gates of his generation" by Politico, Michael Morell was a top CIA officer who played a critical role in the most important counterterrorism events of the past two decades. Morell was by President Bush's side on 9/11/01 when terrorists struck America and in the White House Situation Room advising President Obama on 5/1/11 when America struck back-killing Usama bin Ladin. From the subway bombings in London to the terrorist attacks in Benghazi, Morell always seemed to find himself on the cusp of history.

A superb intelligence analyst and briefer, Morell now presents *THE GREAT WAR OF OUR TIME*, where he uses his talents to offer an unblinking and insightful assessment of CIA's counterterrorism successes and failures of the past twenty years and, perhaps most important, shows readers that the threat of terrorism did not die with Bin Ladin in Abbottabad. Morell illuminates new, growing threats from terrorist groups that, if unaddressed, could leave the country vulnerable to attacks that would dwarf 9/11 in magnitude.

He writes of secret, back-channel negotiations he conducted with foreign spymasters and regime leaders in a desperate attempt to secure a peaceful outcome to unrest launched during the "Arab Spring." Morell describes how efforts to throw off the shackles of oppression have too often resulted in broken nation states unable or unwilling to join the fight against terrorism.

Along the way Morell provides intimate portraits of the leadership styles of figures ranging from Presidents Bush and Obama, CIA directors Tenet, Goss, Hayden, Petraeus, Panetta, and Brennan, and a host of others.

A View from the Top

By Retired Reader

The potential reader of this book should be aware that it probably represents the official, unclassified history of CIA's counter-terrorism operations from 1998 to 2014. Mike Morell, the book's principal author, is a veteran of CIA's Directorate of Intelligence. He also was part of the senior CIA hierarchy during most of this period. So this book really represents the "war on terror" as seen from a CIA management perspective. This means the book is more big picture than detailed oriented and that it often strives to protect CIA's institutional image. For this reason Morell is at pains to fudge over the many controversial issues and events that have plagued CIA during this period such as Iraqi WMD Programs, enhanced interrogations (AKA torture), and the tragedy at Fort Chapman (Khost). Still it is quite an interesting book that shows (sometimes if you read between the lines) how the inner mechanisms of CIA management actually work.

Also the book does provide significant insights such as Morell's clear and plausible account of the tragic events that occurred in Benghazi (Libya). Since this event is still being thrashed about in the U.S. Congress, Morell's version is quite relevant. So his disgraceful treatment at the hands of congressmen who clearly let their hatred of the Obama administration override their judgment and in some cases their rationality.

The most significant chapter of this book actually does not have to do with history, but with the future (Chapter 13, "The Long War Ahead"). In it Morell offers his informed assessment of the threat posed by Islamic Extremism in the form of al Qaeda, ISIS (ISIL), Boko Haram, and similar groups. In this chapter he provides the information on these groups sufficient for the U.S. and its allies to develop a real counter terrorist strategy.

This book is well worth purchasing and pondering.

Solid book from a consummate professional

By Trainman95630

This was a very even handed book full of valuable insights on the war on terror. Mr Morell comes across as an even handed professional CIA officer, utterly dedicated to our country and a first hand witness to many important events, decisions and programs which have shaped the war on terror. He was President Bush's daily briefer for the first year of his term, and was in fact the briefer on Aug 6 date of the famous PDB that democrats want you to believe should have prevented 9-11 if only Bush would have taken it seriously. In point of fact the memo on that day had almost zero intelligence value in regards to what , when and where and was instead a general declaration that AQ wanted to attack us. Yeah no s*** Sherlock.

Morell addresses the failure of the intell community to understand the nature of the WMD situation in the run up to the Iraq war. He has a great chapter on how the intelligence which help locate OBL was developed and how President Obama managed the process which lead to the decision to conduct the Abbottabad raid.

He also has a chapter on the Senate report about the CIA detention and interrogation program. He really rips the report for inaccuracies, leaps of logic, not well thought out conclusions, and bias. He believes the staffers who wrote the report , wrote what they thought their bosses (democrat Senators) wanted to conclude rather than where the evidence should have lead them. He enumerates many errors of fact, errors of logic and errors of context rife throughtout the report. He asks and attempts to answer 4 questions about the Enhanced Interrogation Tactics (EITs) used by the CIA on a limited number of prisoners. Was it legal or was it torture? Was it necessary or not? Was it effective? Was it the right thing to do or not? Reading this chapter gives the reader a better understanding of the whole issue than the deeply flawed Senate report ever could.

In a chapter that liberals will run with , he recounts the history of the Benghazi attack and lays to rest in my mind the idea that the CIA colluded with the political side of the Obama operation to make it seem like the video was the cause of the attack when at the time of the attack the CIA believed differently. In point of fact the CIA initially believed that the series of attacks in Benghazi that night (there were 3) were not heavily preplanned and that the intial demonstration was influenced by earlier embassy breach in Cairo which was a result of the video. Although the CIA now believes that elements of the Benghazi attack was a planned terror event, it's probably time for republicans to stop the investigations of Benghazi - there is no there there.

I like this book and I like the author. He's no idealogue, I would have no idea whether he is a democrat or republican. He admired both Bush and Obama. In short he's dedicated public service that the country was lucky to have working for us keeping us safe.

I particularly liked the inside story of the hunt for Bin Laden

By Socrates

Well written, candid and engaging, an insightful view of international events from one of the country's most respected national security professionals. This is the no bulls**t inside view of the global fight against terrorism. I particularly liked the inside story of the hunt for Bin Laden, which contained many details I hadn't seen before. As gripping as any spy novel, except this one happens to be true. Buy it.
