THE ORIGINS OF EVIL IN HINDU MYTHOLOGY (HERMENEUTICS: STUDIES IN THE HISTORY OF RELIGIONS) BY WENDY DONIGER O'FLAHERTY PDF

"While focusing on the central problem of evil, O'Flaherty illuminates every aspect of Hindu thought." -- Choice "This is Dr. O'Flaherty's third book on Indian mythology, and the best yet. The range and number of myths handled is dazzling Moreover, her fluent and lucid style make reading a pleasure a major contribution to the study of religion in general and Hinduism in particular."--Times Literary Supplement "This scholarly work is a welcome and valuable addition to Hindu studies because it corrects the widespread belief that Hindu thought does not recognize the problem of evil. The author shows conclusively that the mythology of tribal societies and the Puranas deal with this question extensively. She traces certain conceptual attitudes towards evil from the Vedic period to the present day."--Library Journal "O'Flaherty has accomplished an important double task. She has reoriented our thinking on the Indian experience of evil as it has been given literary expression in the mythological texts of the Sanskrit tradition and to a lesser extent in the Tamil and tribal traditions as well. She has also provided, in this rich and exquisitely crafted book, a new set of vantage points from which to re-read familiar Indian myths and encounter new ones. . . Origins is both a superb piece of scholarship and a lively, witty and engagingly written book." --South Asia in Review "The author performs a brilliant feat in her textually exegetical and hermeneutical handling of the numerous and many-faceted myths. The study is highly pertinent and valuable . . . The authorial translations from the Hindu and Pali texts are refreshing ... and her comments are illuminating. Thus the Hindu view of evil comes out as something not simplistic and arbitrary but as an approach which is careful, complex, and richly eclectic. . . . This is a highly readable volume written with verve, sparkle and occasional light touches of decent humor."--Asian Student "For serious students of mythology, theology and Hinduism, this book is must reading."--Religious Studies Review

Where does Evil arise? Is Karma the answer?

By Aaman Lamba

This is a rare and detailed analysis of the origins of theodicy in Hindu mythological tradition, looking at diverse sources, and not just the popular epics. The key questions addressed are related to whether karma is sufficient to explain why evil exists or if the conception of evil as a force is older than even the philosophical conception of karma.

5 of 8 people found the following review helpful.

Western theodicy stood on its head

By MWin

Very interesting. Salvation is reversed: men try to save the gods. Both Indra and Shiva must come down to earth to expiate their sin and thus regain lifeblood. Hindu gods removed the impurity of death from themselves, and gave it to the men. This was the reason behind the fall of man. Maybe this portrays the background story of what underwent in the garden of Eden. This could give some insight into the origins of evil. It is a full-scale scholarly work.

she writes whatever comes to her in mind, not ...

By vivek gupta

she writes whatever comes to her in mind, not logical, no proofs, but just simple baseless imbecile, futile writing. only people who have no perspectives or are anti India, or anti hindu likes her books. Complete chaotic book.
