Exciting But Keeps You Wanting More.

By Amazon Customer

H M Clarke made this very easy to read. Still needs editing not much but some. It was good while you're in the zone, it keeps you reading to the very end of the season, but leaves you with a cliff hanger, excited yes,

happy to get to the end no still left me wanting more. Which asks the question how many books are in this series?

Enjoyable read. Looking for more.

By AgilePhil

Reminded me a little of The Dragon Riders of Pern. Still, Clarke tells her own story and builds her own world Easy to read and hard to put down. I don't feel that Clarke needs to end with a cliff hanger to get her readers to want more. Hopefully she won't keep us waiting too long.
