Amazon.com Review

Modern literature's unlikely hero Joey Pigza is back in Jack Gantos's grand finale to the award-winning trilogy that began with *Joey Pigza Swallowed the Key* and the Newbery Honor book *Joey Pigza Loses Control*. Joey, the sweetest, funniest kid on meds you'll ever meet, has enough trouble trying to keep his "active" self together. How can he win in his new, self-assumed role as "Mr. Helpful" when his divorced parents are out of control, his Grandma is surly and morbid, and Olivia, the mean blind girl he's forced to homeschool with, calls him a "hyper retard"? Even Olivia's religious mother can't save him with her "What would Jesus do?" refrain. As his world of flawed adults spins around him in carnivalesque chaos, Joey has to decide on a daily basis what he, Joey, should do. At least he has Pablo, his loyal Chihuahua mutt, his lucky charm. Or at least he does until his maniacal father (complete with restraining order) kidnaps the dog to lure Joey out of the house.

Joey is a wonderful character, and his first-person narrative is both hilarious and heartbreaking. Sadly, it is his dying grandmother who knows him best: "You know, Joey, if you didn't wear those med patches, you'd just be thinking about yourself, and you wouldn't care about making everyone happy. Your problem is that you got better, and the rest of the world didn't." While it is more rewarding to have read the previous Joey books before this one, it is not mandatory. Still, all three Joey books are memorable, honest, fresh, exciting, truly eye-opening, and should not be missed by child or adult. (Ages 10 and older) --Karin Snelson

From Publishers Weekly

Grade 4-8-Joey's back, and this time he's not doing as much of the "weird Joey stuff" as usual. Now that he's ready to be "Mr. Helpful," it seems that everyone around him needs more help than he can give. His mom and dad have crazy fights involving motorcycle crashes, kidnapped Chihuahuas, and a restraining order. Joey's new homeschool partner is Olivia, a blind girl who earns the title of "Mistress of All Evil," and whose fundamentalist mother teaches them. And Grandma, the person who best understands Joey, is dying. The

boy's first-person narration is as frenetically fun as it was in the first two books. Here, though, his energy and insights are turned more on those around him, and he turns out to be terrifically perceptive. His observations are totally believable because he vividly recalls (and sometimes still indulges in) dysfunctional behavior. His ability to connect with several diversely troubled personalities sets up many humorous scenes. A convoluted, but oddly logical scheme involving Olivia, Grandma, and tickets to Godspell culminates in the boy's touching (and very funny) first date. By book's end, Joey has lost a loved one, but he has gained enough confidence, and even wisdom, to look out for himself without letting his external problems overwhelm him or hold him back. Readers who don't know Joey will have no trouble jumping right in with this book, and those who have met him in the previous books will enjoy the way "Mr. Helpful" tries to set things right in a chaotic and uniquely amusing world.

WWJD?

By Kayla D

"My dad showed up on a motorcycle and my mom who claims not to like him stuck a broom in the spokes yesterday as he buzzed our front yard and he ended up flying through the air and stabbing himself on a tree branch, so then I thought she liked him again but it turns out she didn't because later she tried to hit him in the face with a water glass in front of her new boyfriend." This is just one prime example of how chaotic Joey Pigza's life is.

This moving, yet comical novel brings you through the challenging moments of Joey Pigza's life. His goal throughout this fictional is to help everyone that comes in contact with him happy. Being a blind girl's classmate and "Secret Helper", putting all of the items that are out of order back in place at the grocery store, returning all of the lost dogs back to their home, trying to help his family become somewhat normal, and convincing his grandma that she will not die tomorrow, his grandma teaches him that he needs to stop trying to make the world happy, and focus on making himself happy.

Jack Gantos has written numerous books such as the Rotten Ralph children picture books. He is the author of many novels such as the series of the Joey Pigza novels, *Joey Pigza Swallowed the Key*, *Joey Pigza Loses Control*, and *What Would Joey Do?* Jack Gantos also wrote *Heads or Tails*, *Jack's Black Book*, *Jack's New Power*, and *Jack on the Tracks*. Jack Gantos's writing style is easy yet fun to read as he keeps you so interested you don't want to place the book down.

I would recommend *What Would Joey Do?* to the fifth through the seventh grade student. This novel is fascinating to any gender. From reading all of the Joey Pigza books, *What Would Joey Do?* is a definite must.
